Managed BYOD Information Evening

- The Managed BYOD booklet contains a range of information that will answer many of the questions that you may have about the program. It is available online at <u>http://www.bhs.vic.edu.au/</u> under Curriculum → Handbooks
- Our program offers three supported devices purchased from our supplier panel (JB Hi-Fi Education Solutions).
- Devices are anticipated to have a threeyear life span which will see students through Years 7 to 9. However, devices usually last longer if cared for correctly.
- JB Hi-Fi Education Solutions has a solid history of delivering successful notebook programs across a number of vendors. Their programs are based on 19 years of experience working in schools and have been developed by refining their practices to ensure students receive an enriching and rewarding learning experience.

Belmont High School ICT Acceptable Use Agreement

Part A – School Responsibilities:

Belmont High School uses internet and digital technologies as teaching and learning tools. We see the internet and digital technologies as valuable resources, but acknowledge they must be used responsibly.

Your child has been asked to agree to the following Acceptable Use Agreement, to use internet, desktop, BYOD and mobile technologies responsibly at school. Parents/carers should be aware that the nature of the internet is such that full protection from inappropriate content can never be guaranteed.

At Belmont High School we:

- Have policies in place that outline the values of the school and expected behaviours when students use digital technology and the internet.
- Provide a filtered internet service.
- Provide access to the Department of Education and Training's Search Engine Connect <u>www.education.vic.gov.au/secondary</u> which can be used to direct students to websites that have been teacher recommended and reviewed.
- Provide supervision and direction in online activities and when using digital technologies for learning in the classroom.
- Support students in developing digital literacy skills.
- Have a cyber-safety program which is reinforced across the school.
- Use mobile technologies for educational purposes. (e.g. podcasts or photos from excursions)
- Provide support to parents/carers through information.
- Work with students to outline and reinforce the expected behaviours online.

It is imperative that students read the Acceptable Use Agreement, and understand the expectations while using Digital Technologies.

The Acceptable Use Agreement must be signed and provided to the school before the device will be issued or used.

Part B - Student Agreement

When I use digital technology* I agree to:

- Be a safe, responsible and ethical user whenever and wherever I use it.
- Support others by being respectful in how I communicate with them and never write or participate in cyber bullying. (this includes forwarding messages and supporting others in harmful, inappropriate or malicious online behaviour)
- Talk to a teacher, parents, technician, counsellor or nurse if I feel uncomfortable or unsafe online or see others participating in unsafe, inappropriate or hurtful online behaviour.
- Seek to understand the terms and conditions of websites and online communities, and be aware that content I upload or post is my digital footprint, and is often viewed as a personal reflection of who I am.
- Protect my privacy rights and those of other students by not giving out personal details including full names, telephone numbers, passwords, addresses and images.
- Use the internet for educational purposes, and use the computer equipment in a safe and respectful manner.
- Use social networking sites for educational purposes and only as directed by teachers.
- Abide by copyright procedures when using content on websites. (request permission to use images, text, audio and video* and cite references where necessary)
- Think critically about other users' intellectual property and how I use content posted on the internet.
- Not interfere with network security, the data of another user, or attempt to log into the network with a user name or password of another student.
- Not reveal my password to anyone except the system administrator or the teacher.
- Not bring or download unauthorised programs, including games, to the school or run them on school computers.
- Not deliberately enter or remain in any site that has obscene language or offensive content e.g. racist material or violent images.
- Not use the school name, motto, crest, logo and/or uniform in any way which would result in a negative impact for the school and its community.
- Uphold the values of Belmont High School in my online presence.
- Not post photos of either myself and/or other students which clearly identify me/them as a member of the Belmont High School community, nor post photos taken during any school sanctioned activity. This includes off campus events such as sports days and camps. Students and parents must not take photographs or otherwise record members of the school community (other than themselves or their own child) and/or post to the internet without the written permission of the person photographed. Members of the school community also have a responsibility to ensure that all online communications are in keeping with the schools expectations in relation to appropriate and respectful interactions with teaching and non-teaching staff.
- Not post inappropriate comments about individual staff members which, if said in person, would result in disciplinary action being taken.
- Handle ICT devices with care (both School owned and BYOD).
- Use School servers for school work, and understand that files stored on the server are not private.
- Understand that Belmont High School teachers and technicians may issue random searches throughout the content on my BYOD and may use information as supporting evidence if required to resolve issues.

- Not change computer settings that block network access to Teachers or Network Administrators
- Not remove school monitoring software or software supplied by Belmont High School.
- Keep Prohibited software / content off my device or the school network and computers.
- Allow technicians to delete or remove files on my computer or network drives that are deemed inappropriate (e.g, games, music)
- Notify my teacher or IT staff immediately when I notice damage to computers.
- Return the computer to have the DET software licences removed when leaving Belmont High School and using a BYOD. Failure to complete this action will result in the computer being unusable within a certain time frame.
- Only use computers purchased from the recommended supplier or computers supplied by Belmont High School on the Belmont High School network.
- Have my device confiscated and detained during school hours, if the use of my device causes disruption to the normal school routine through activities which breach the acceptable use agreement.
- Understand The Acceptable Use Agreement may change at any time.

When I use my mobile phone, iPod or other mobile device I agree to:

- Keep the device on silent during class times and only make or answer calls and messages outside of lesson times except for approved learning purposes
- Respect others, and communicate in a supportive manner, never verbally or in writing participate in bulling.
- Protect the privacy of others and never post or forward private information about another person using Short Message Service (SMS)
- Only take photos and record sound or video when it is part of an approved lesson
- Seek permission from individuals involved **before** taking photos, recording sound or videoing them (including teachers)
- Seek appropriate (written) permission from individuals involved **before** publishing or sending photos, recorded sound or video to anyone else or to any online space
- Be respectful in the photos I take or video I capture and never use these as a tool for bullying.

This Acceptable Use Agreement also applies during school excursions, camps and extra-curricula activities.

*Videos from the Belmont High School Library Access-it Catalog - The videos have been copied and communicated to you by or on behalf of Belmont High School pursuant to Part VA of the Copyright Act 1968 (the Act). The material in this communication may be subject to copyright under the Act. Any further copying or communication of this material by you may be the subject of copyright or performers protection under the Act.

*Definition of Digital Technologies

This Acceptable Use Agreement applies to digital technologies, social media tools and learning environments established by our school or accessed using school owned networks or systems, including (although are not limited to):

- School owned ICT devices (e.g. desktops, laptops, printers, scanners, co-contribution)
- Student owned ICT devices (e.g. BYOD)
- Mobile phones (e.g. SMS, MMS, iChat)
- Email and instant messaging (Snapchat, Viber, Kik)
- Internet and Intranet
- Social networking sites (e.g. Facebook)
- Video and photo sharing websites (e.g. Picasa, YouTube)
- Blogs
- Micro-blogs (e.g. Twitter)
- Forums, discussion boards and groups (e.g. Google groups, Whirlpool)
- Wikis (e.g. Wikipedia)
- Vodcasts and podcasts
- Video conferences and web conferencing

Belmont High School's policy on games:

Legally obtained games are permitted on student owned devices (BYOD) & school leased devices only . However, games are not to be played during class time. All other times (Recess, Lunchtime, before and after school is permitted). It is however expected that the device be available for school use at all times of the day. Playing games can decrease battery life dramatically. Games made during class time (E.g. Game Development, Software development) and any teacher instructed / approved are permitted at all times.

Belmont High School will not be held responsible for any damage / loss / data loss of the unit. The owner has full responsibility for the content and how the device is used.

If the user breaks this Acceptable Use Agreement, access to the Belmont High School network can be revoked without warning and disciplinary action taken.

If you have any questions about the Acceptable Use Agreement, please see IT, or Principals.
