using the Belmont Lesson Framework including High Impact Teaching Strategies (HITS) within Professional Learning Teams (PLTs).

Enrolments continued to be very strong and were at capacity in most year levels. The school’s Year 7 & 8 Middle Years structure provides an innovative program, and the school has a Year 9 “Strive” program, which focuses on community links. The school’s onsite English Language Centre and its Accredited International Student Program attracts overseas students. We cater well for students of all abilities with our school’s acceleration and enrichment programs providing a wide range of opportunities for students. These include our Select Entry Accelerated Learning Program (SEALP), which continues to grow, as well as a strong program of support for students with learning difficulties.

The school’s highly successful vertical House System provides strong support to students together with the wellbeing team made up of a Mental Health Practitioner and several qualified staff, the school-based Network Psychologist and the Health Centre School Nurse that all contribute to providing outstanding services and support to our students. The Victorian Bio-science Education Centre (BioLAB) is located on site as a Statewide resource and delivers specialist bio-science, health and sports science programs.

The school attaches great importance to the maintenance of high academic standards; students striving for personal excellence; the development of student self-discipline and independence; personal development of students whilst maximising their potential; the building of mutual respect and cooperation between staff and students; and within each of these groups, the provision of opportunities for students to exhibit leadership and citizenship.
