**STUDENT AGREEMENT:**

I understand that by accepting an offer to participate in this program, I am making a firm commitment. This includes attending all scheduled training sessions each week, completing all assigned coursework, and fulfilling any mandated work placements, even during holiday periods. Should I be unable to attend a session, I will notify the VET Manager in advance with a valid reason. If at any point I feel unsafe or unclear about my responsibilities, I will promptly discuss these concerns with the VET Manager. I also acknowledge that any learning difficulties or medical conditions that may affect my performance will be communicated to both the training organisation and my employer to ensure appropriate support is provided. I agree to accept any assistance offered to help me succeed in the program.

Note: Students are expected to complete the full two year program. They may have to complete work placement during the holidays to meet the requirements of the course.

**Privacy Information:**

All information on this form is true and correct. I, and my child, understand that the information provided is for the purpose of the application, selection and enrolment into a Geelong VDSS program. The information, including details of any learning difficulties and medical conditions, will be provided to the organiser of the course, the Registered Training Organisation (RTO) and any others involved in the provision of this course at the delivery site. It may also be provided to employers. It is also required for the organisation of VET bus travel.

**Transport to VET classes:**

The school provides students access to VET programs. Travel to external training venues (RTO's) will be mainly undertaken using VET buses but for some students, it will be undertaken in other ways e.g: walking, driving, cycling etc. On Monday and Wednesday afternoons, the Geelong Regional Local Learning & Employment Network (GRLEN), organises a bus system, supported by the Department of Education (DE), to transport students to RTO's. Students are expected to catch the bus at their home school to travel to their RTO. Sometimes a student may need to change buses at another school and this interchange is supervised by a staff member from that school. The second bus will take them directly to their RTO destination. Students may need to walk a very short distance to reach the connecting bus. When students arrive at the RTO, they must go straight to class and be ready to start learning. Travel to VET classes which are running on days, or at times when no VET bus is available, must be organised by parents. The yearly cost, if any, will be confirmed and communicated to schools and parents/carers early in 2026.

**Parent/Carer Permission:**

- I/We understand that travel to the VET provider will be unsupervised.
- My/our child will be trusted with the responsibility to conduct themselves in a manner that keeps themselves safe, displays respect to the general public, bus drivers and other students, as would be expected if a teacher were present.
- I/We accept responsibility for making suitable arrangements, in consultation with the home school, for my child to travel to VET classes, or work placement and will be responsible for the safe pick up at the end of each session, if return transport is not provided.
- My/our child understands that if there are any issues which occur when they are travelling, they need to speak to the trainer as soon as they arrive at the RTO and contact a parent/carers. I/We will ensure that my/our child's school is immediately notified.

**I/We consent to the provision of the Privacy Information, Medical or Learning Difficulties, and VET Transport information as outlined above:**
